

KANAKSURFACES

YOUR PERFORMANCE LAMINATE RESOURCE

Why Choose Kanak Surfaces

Hygienic Surface

Non-porous surface inhibits mold, mildew and bacteria growth. Smooth dense finish allows for quick and easy cleaning and sanitation

Built for Durability

Performs reliably in high-humidity and high abuse settings. Resistant to chemicals, cleaning agents and corrosion

Graffiti Resistant

Marks can be removed easily

Scratch & Impact Resistant

Resistant to impact, scratches and stains to improve longevity

Aesthetically Versatile

Available in a wide range of colors, textures, and finishes, with a modern aesthetic and customizable sizing to meet project-specific design needs

Responsible Choice

We manufacture with environmentally responsible processes using long life cycles to reduce material waste

KANAKSURFACES

YOUR PERFORMANCE LAMINATE RESOURCE

Designed for DEMANDING Environments

Schools & Universities

Gyms & Recreation Centers

Stadiums & Arenas

Transportation Hubs

Healthcare Facilities

Commercial & Retail Spaces

Hygienic & Easy to Maintain

- Non-porous and bacteria resistant
- Simple to clean and disinfect
- Chemical and corrosion resistant

Aesthetic Versatility

- Wide range of colors and textures
- Sleek, modern design
- Custom sizes and configurations

Built for PARTITION & LOCKER Industry

- Compact Surfaces available in 2mm - 30mm
- Precision fabricated for tight tolerances
- Compatible with standard hardware systems
- Durable alternative to real wood
